SOL GROUP | Home Care & Technical Gases

Our business (2025)

Manufacturing, food, agriculture, industrial and environmental applications

Medicinal gases & services for hospitals

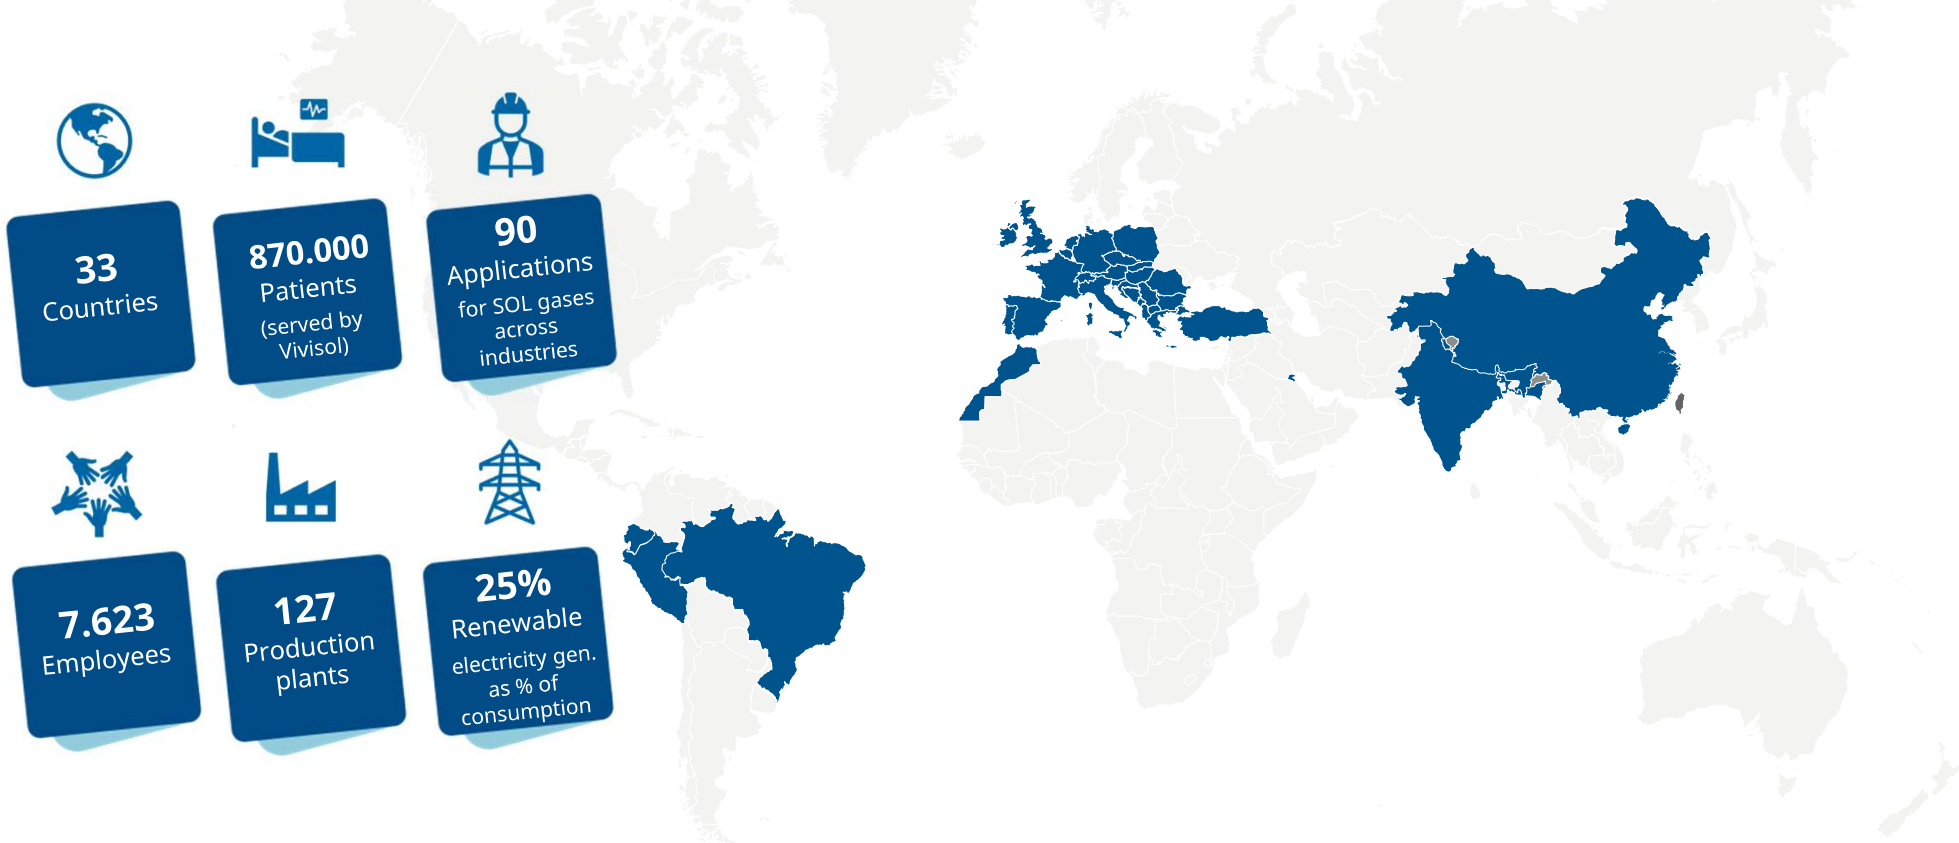

Medicotechnical assistance and care for patients in their homes

SOL GROUP | Numbers (2025)

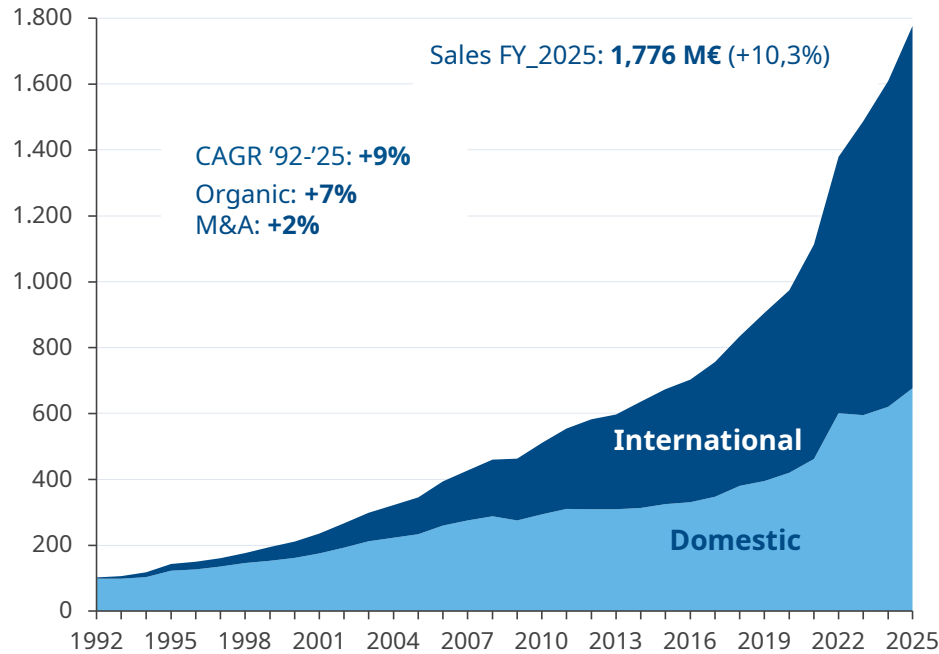

Where we operate

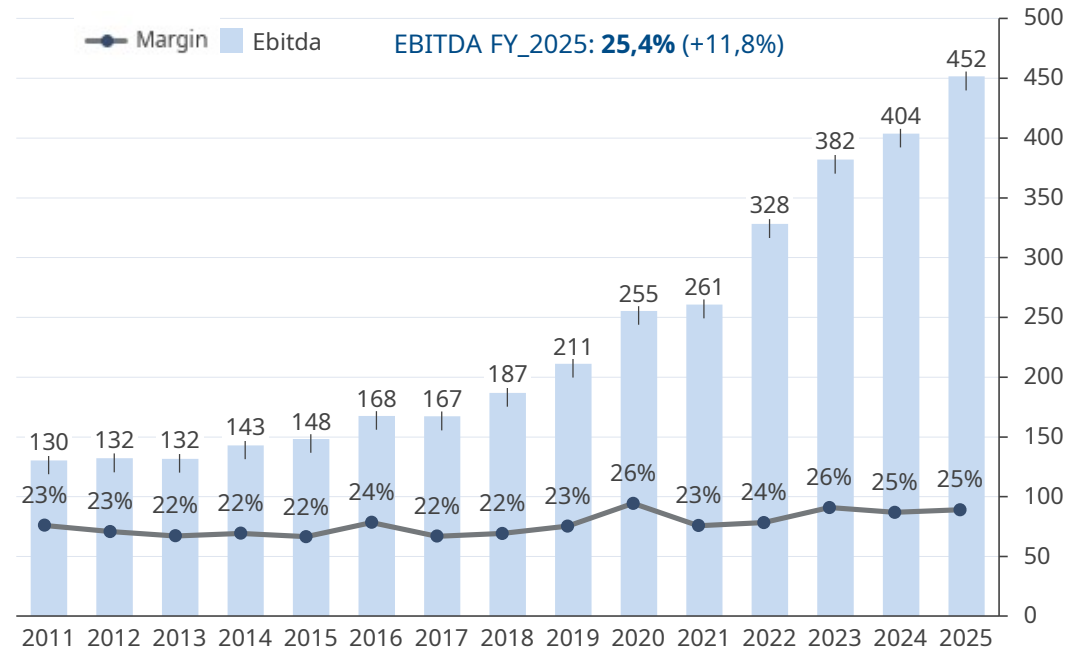

SOL GROUP | Figures (2025)

Sales development, EBITDA and margin

Sales [M€]

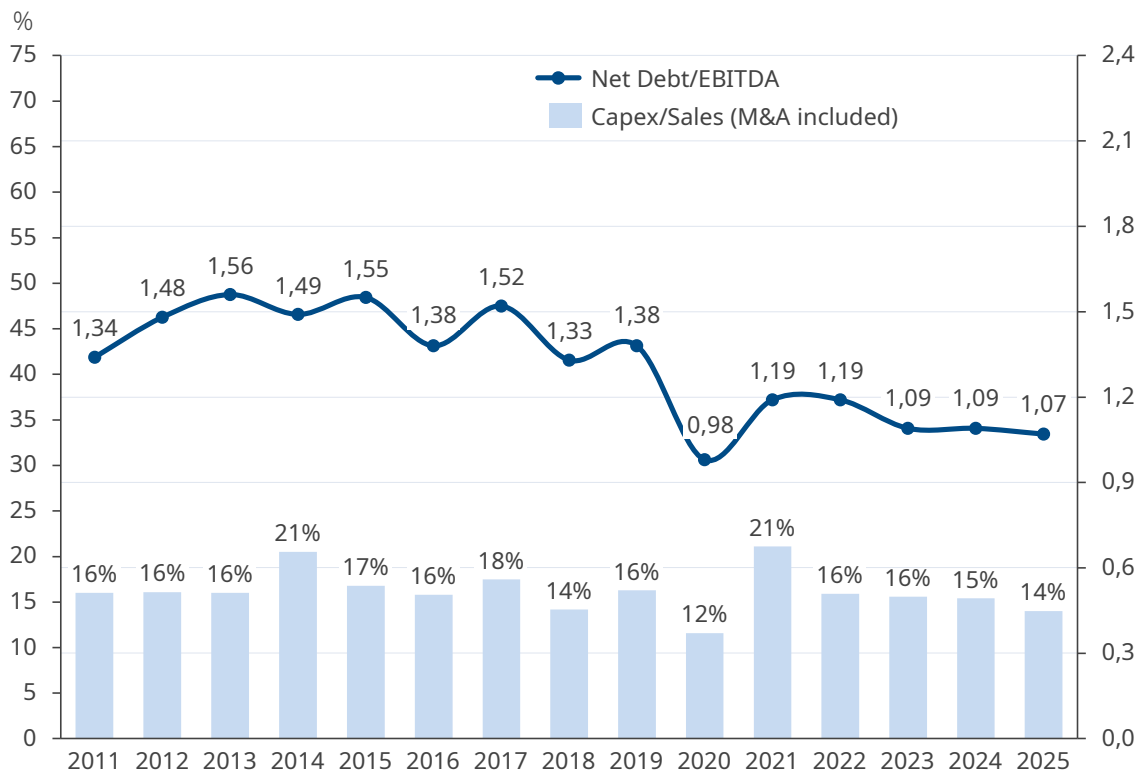

EBITDA [M€] & Margin [%]

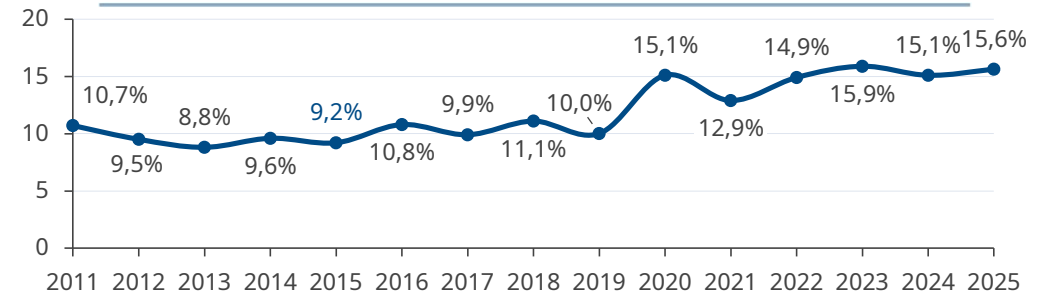

SOL GROUP | Ratios (2025)

Investments, ROCE and Dividends

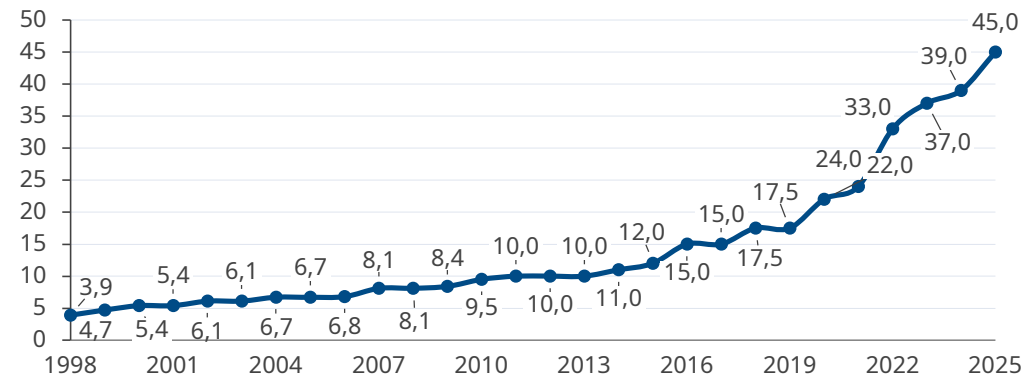

Constant but measured investments

Maintaining Returns - ROCE [%]

Growing our dividend - DPS [c€]

SOL GROUP | Seizing opportunities despite difficult contexts

TECHNICAL GASES Mergers and acquisitions (2023-2025)

Over
82 M€
of JV / partnerships
in 2023/25

SPAIN & PORTUGAL - TG

INTERNATIONALIZATION through
SISEMED (TG) in 2024

ECUADOR & PERU - TG

INTERNATIONALISATION through
SWISSGAS DEL ECUADOR (Ecuador)
ICP (Peru) (2023)

GERMANY - TG

REINFORCEMENT of presence through
WONSAK KOHLENSAURE (TG) in 2023
P.A.C. GASSERVICE (TG) in 2024
FREYCO (TG) in 2025

ITALY - TG & HC

DIVERSIFICATION through
BERMAN (TG) in 2025
BIOMETHAN GREEN (TG) in 2025

CHINA - TG

REINFORCEMENT of presence
through
WUXY LIYUAN (TG medical) in 2025

SOL GROUP | Seizing opportunities despite difficult contexts

HOME CARE Mergers and acquisitions (2023-2025)

Over
82 M€
of JV / partnerships
in 2023/25

FRANCE - HC
REINFORCEMENT through
MIDIPERF (HC) in 2023

ITALY - HC
DIVERSIFICATION through
CENTRO ORTOPEDICO FERRANTI (HC) in 2023
POR GROUP (HC) in 2024
AENDUO (HC) in 2025

BRAZIL - HC
REINFORCEMENT of presence through
PRONEP (HC) in 2024

GERMANY - HC
REINFORCEMENT of presence through
SOLEOMED (HC) in 2024
SOMNOMEDICS (HC) in 2023

ROMANIA - HC
INTERNATIONALIZATION through
MEDAIR (HC) in 2024

GREECE - HC
REINFORCEMENT of presence through
ANAPNOI IKE (HC) in 2023

POLAND - HC
REINFORCEMENT of presence through
MAGNUS (HC) in 2023

CHINA - HC
REINFORCEMENT of presence
through
BOHAO (HC) in 2025 (consolidation
of majority stake)

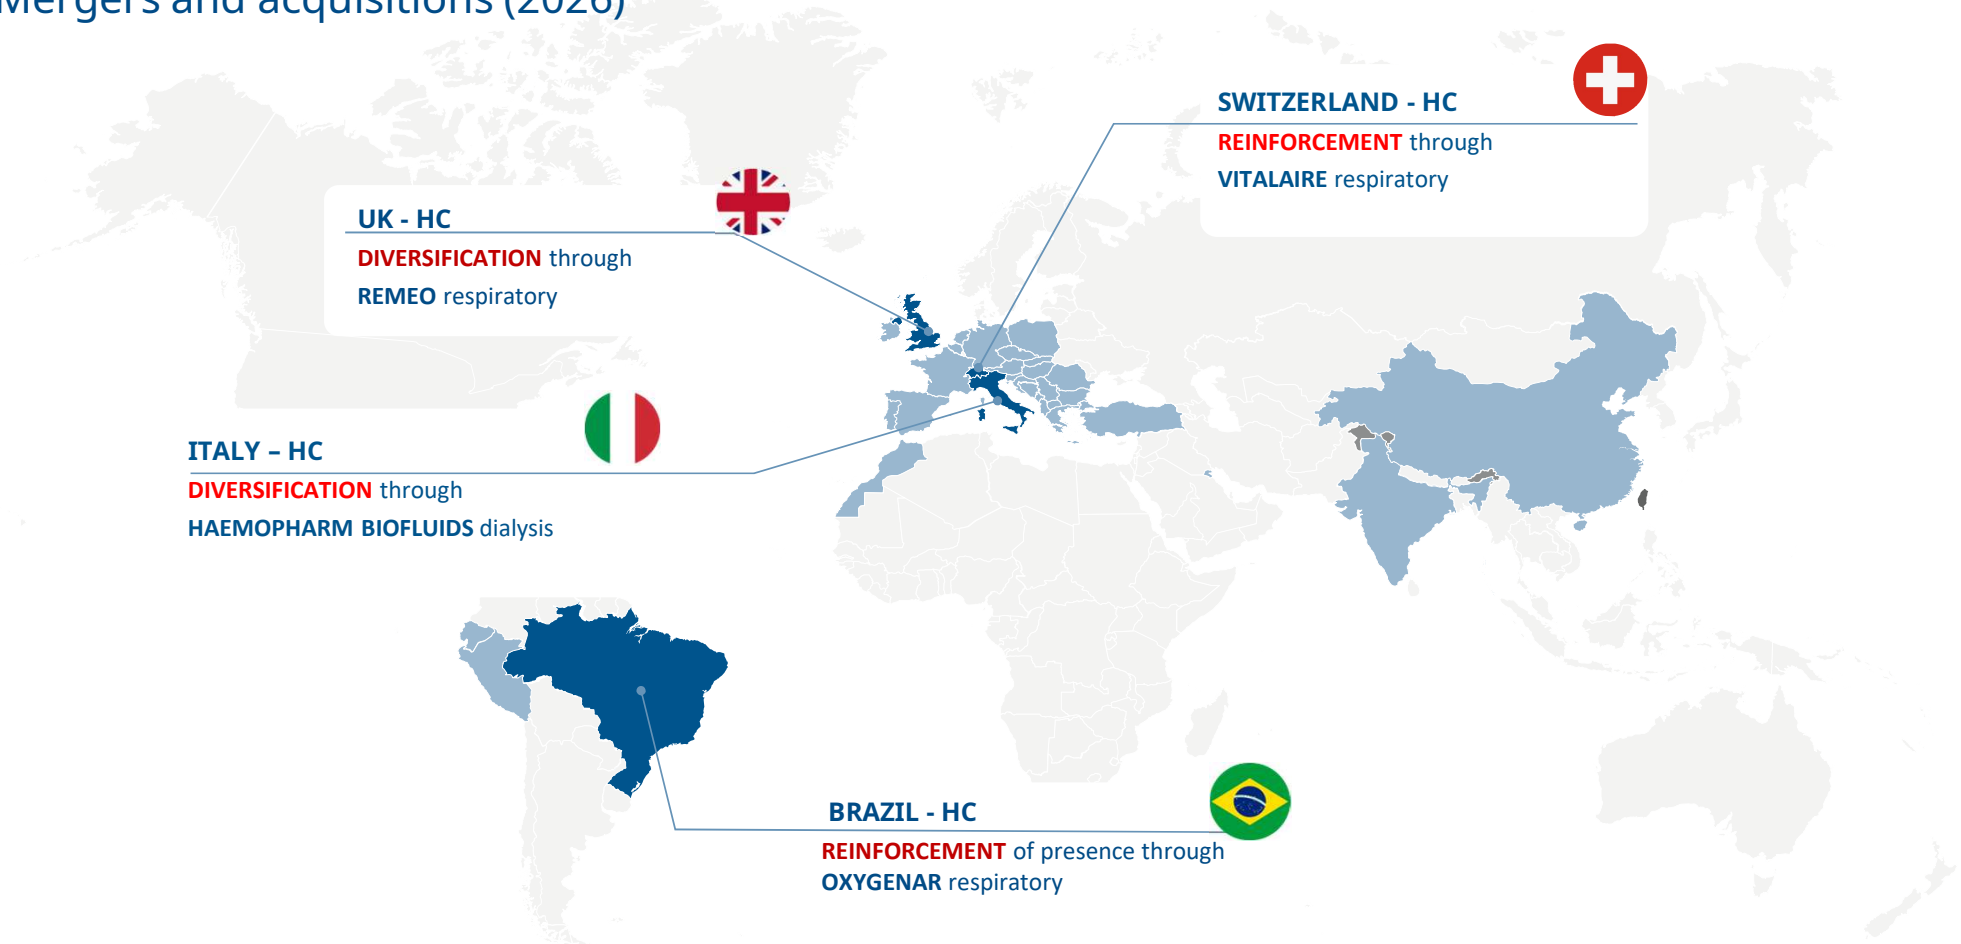

SWITZERLAND - HC
REINFORCEMENT through
SPITEX ALOHA (HC) in 2024
CSAIR (HC) in 2025

SOL GROUP | Seizing opportunities despite difficult contexts

Mergers and acquisitions (2026)

SOL GROUP | Our plans for the future

Our six pillars

Growing and constantly evolving

Getting enriched by the diversity of business, people, countries

Finding new opportunities and challenges in unexpected scenarios

Digitalisation as part of the development on every field

Sustainability as integrated part of the daily activities, to be built day by day

Human factor as key point for the Group development

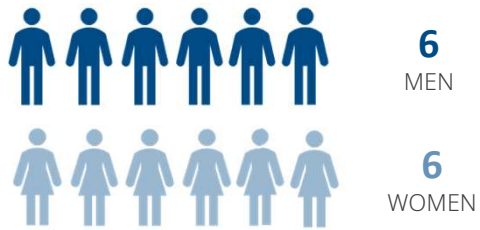

The world of **Sustainability**

SOL GROUP | Sustainability

Governance & People (2025)

SOL GROUP BOARD

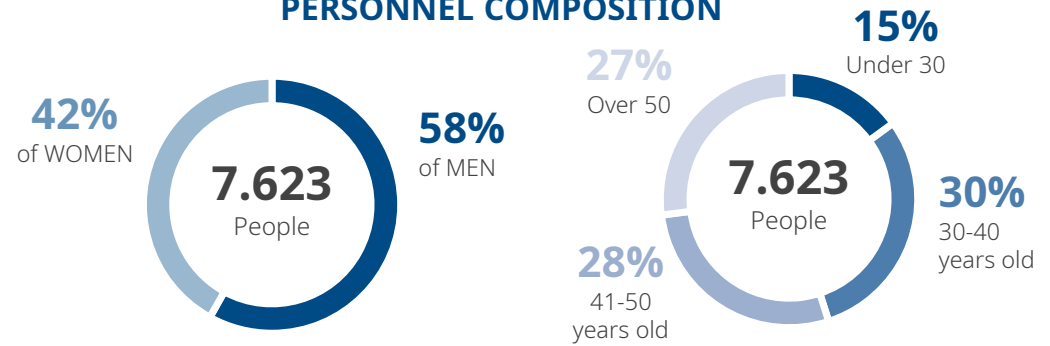

Independence: 5/12 non-family and not executive members.

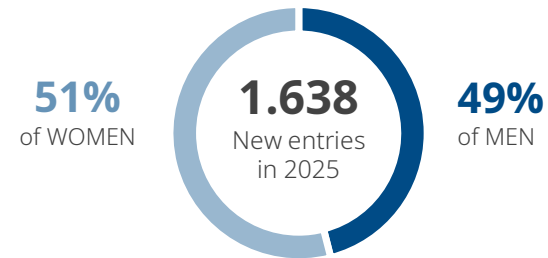

Continuity: 6/12 have more than 10 years of seniority in the group.

Renewal: 6/12 have less than 5 years of service in the group.

PERSONNEL COMPOSITION

NEW ENTRIES

SOL GROUP | Sustainability

Environment

Carbon Disclosure Project

Confirmed "B" ranking for Climate and "C" for Water (first submission).

MSCI "BBB"

The SOL Group confirmed its rating BBB.

EcoVadis

The Group has confirmed the Bronze EcoVadis Sustainability medal ranking in the top 35%.

Morningstar Sustainalytics

Top 39 ranked out of 576 chemical companies in 2025.

World's Best Companies - Sustainable Growth 2025

Recognized among the top 500 companies in the world characterized by the most sustainable development, according to the 'World's Best Companies - Sustainable Growth 2025' ranking by Time and Statista.

SOL GROUP | “EnerGreenSOL”

Energy production & emissions (2025)

Hydro

16 hydroelectric plants in:
Albania (2012), Bosnia Herzegovina (2016), North Macedonia (2012) and Slovenia (2002).

Wind

The Indian company GREEN ASU PLANT PRIVATE LIMITED (2022), powers all its plants with self-generated renewable energy from its own wind farm (6 wind plants).

Solar

We invested in the installation of photovoltaic panels in India and we are planning further investments on some production plants of the Group.

Achievements

50% of the power used is from renewable

Vivisol UK is carbon neutral since 2020

100% of the power used is from own hydroelectric plants production

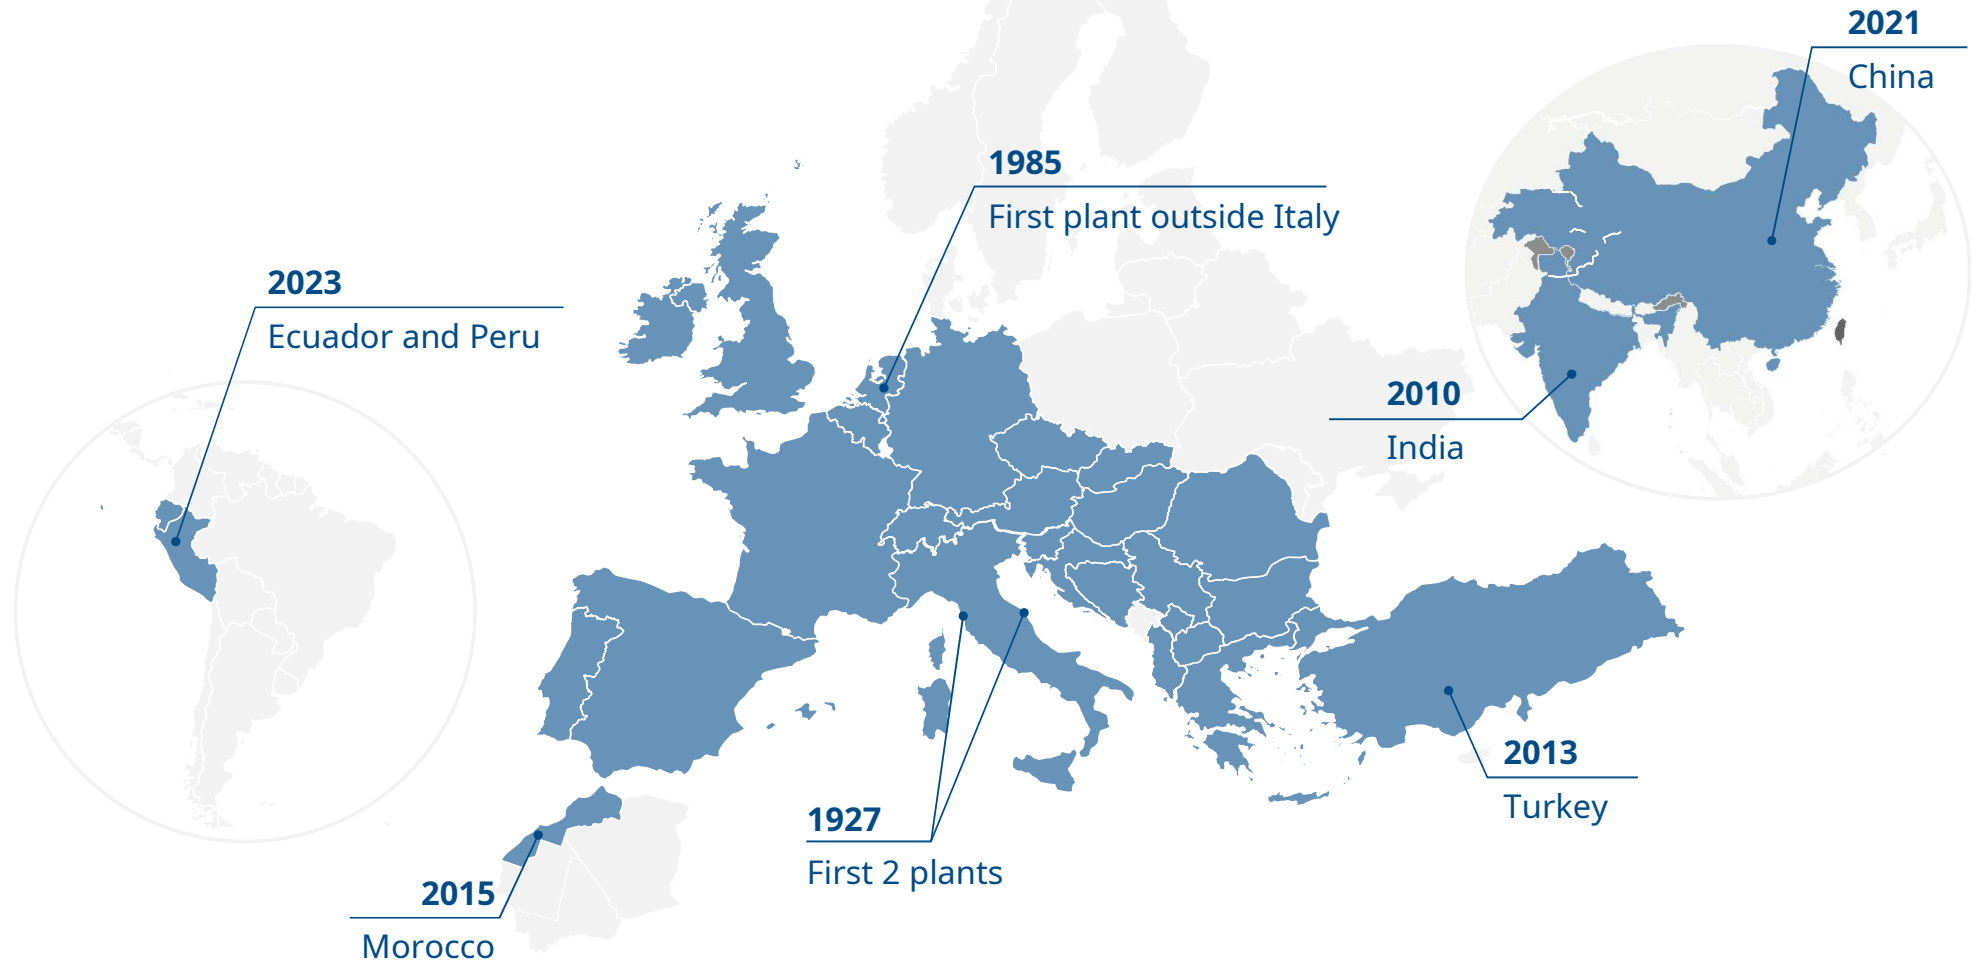

>30% of the power used is from renewable

The world of Technical Gases

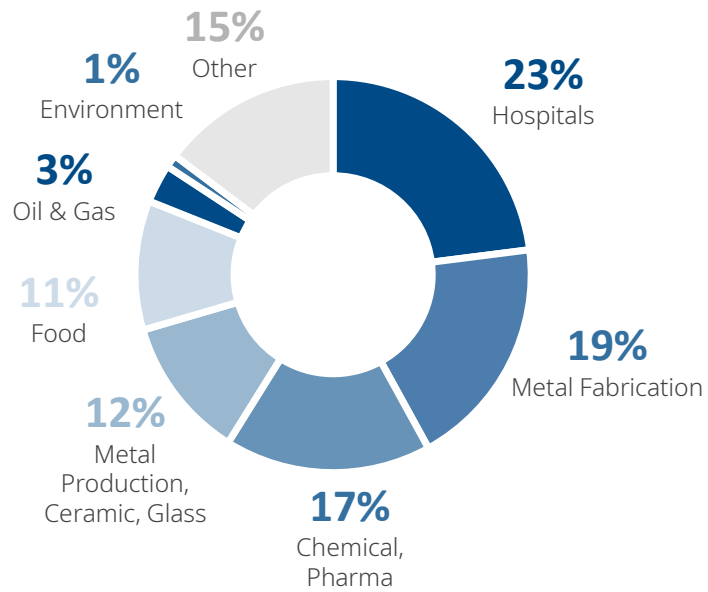

SOL | Technical Gases

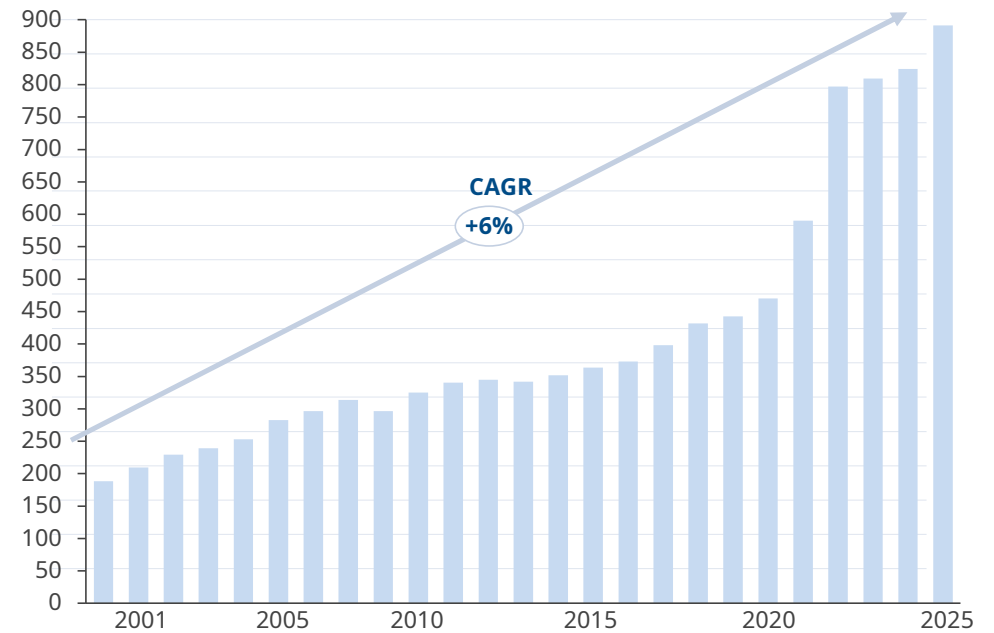

SOL | Technical Gases

Resilience and Growth (2025)

Diverse Client Share [%]

Resilient Sales Development [M€]

SOL | Technical Gases

Our clients – Industry

FOOD & BEVERAGE

- Agriculture
- Fish & meat
- Fruit & vegetables
- Milk & derivatives
- Bread and pastries
- Beverages
- Wine & oil
- Catering

METAL PRODUCTION

- Aluminium
- Precious metal processing
- Glass, ceramic, cement, lime

METAL FABRICATION

- Thermal treatments
- Automotive
- Aeronautical & railway construction
- Shipyards
- Construction sites
- Boilers

CHEMISTRY & PHARMA

- Pharmaceutical specialties
- Cosmetics
- Herbalism
- Plastics & rubber

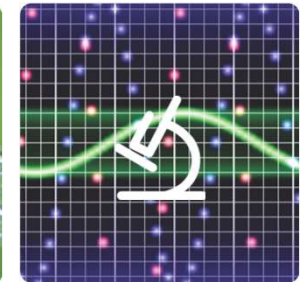

OIL & GAS

- Extraction
- Transport & pipelines
- Refining

ENERGY & ENVIRONMENT

- Purification
- Waste Management
- Incineration

SPECIALITY GASES

- Research
- Electronics
- Chemical

SOL | Technical Gases

Our Customer – Hospitals & Clinics

TECHNICAL GASES

PRODUCTS: • GAS: O₂, N₂, CO₂, N₂O, He, NO_x

SERVICES: • Total Gas Management (Control, Maintenance, Security Trainings)
• Cryobanking (Conservation)
• Cryomanagement (Transportation)

DIVERSIFIED

PRODUCTS: • Medical Device (Manufacturing)
• Gas Distribution Plants (Design & Realization)

SERVICES: • Sterilization
• Clinical engineering (Maintenance of electronic equipment)
• Ambulance design and fit-out

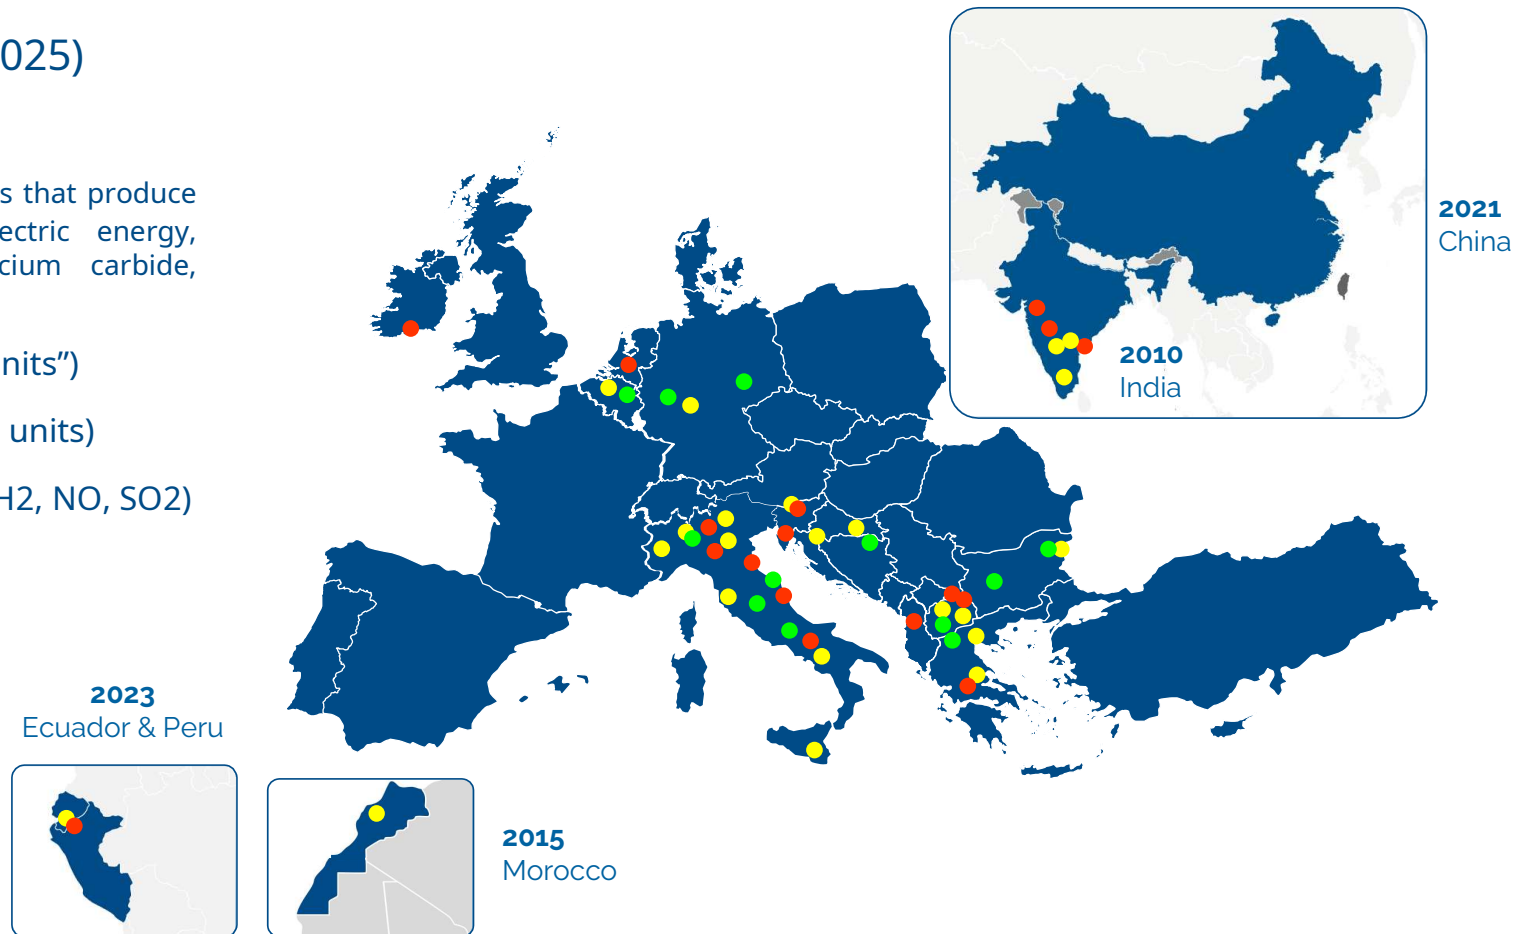

SOL | Technical Gases

Primary Production Plants (2025)

51 Primary Production Plants: units that produce gases from raw materials (as electric energy, atmospheric air, natural gas, calcium carbide, ammonium nitrate).

- **22 ASU** ("Air Separation Units")
- **12 LCO2** (CO2 production units)
- **17 «others»** (H2, N2O, C2H2, NO, SO2)

Max distribution area **400 km**.

ASU Plants

Piombino - Italy

Mantova - Italy

ASU Plants

ASU Plants

Augusta - Italy

Feluy - Belgium

Jesenice - Slovenia

Frankfurt - Germany

Varna - Bulgaria

Kavadarci - North Macedonia

ASU Plants

Bangalore - India

Trichy - India

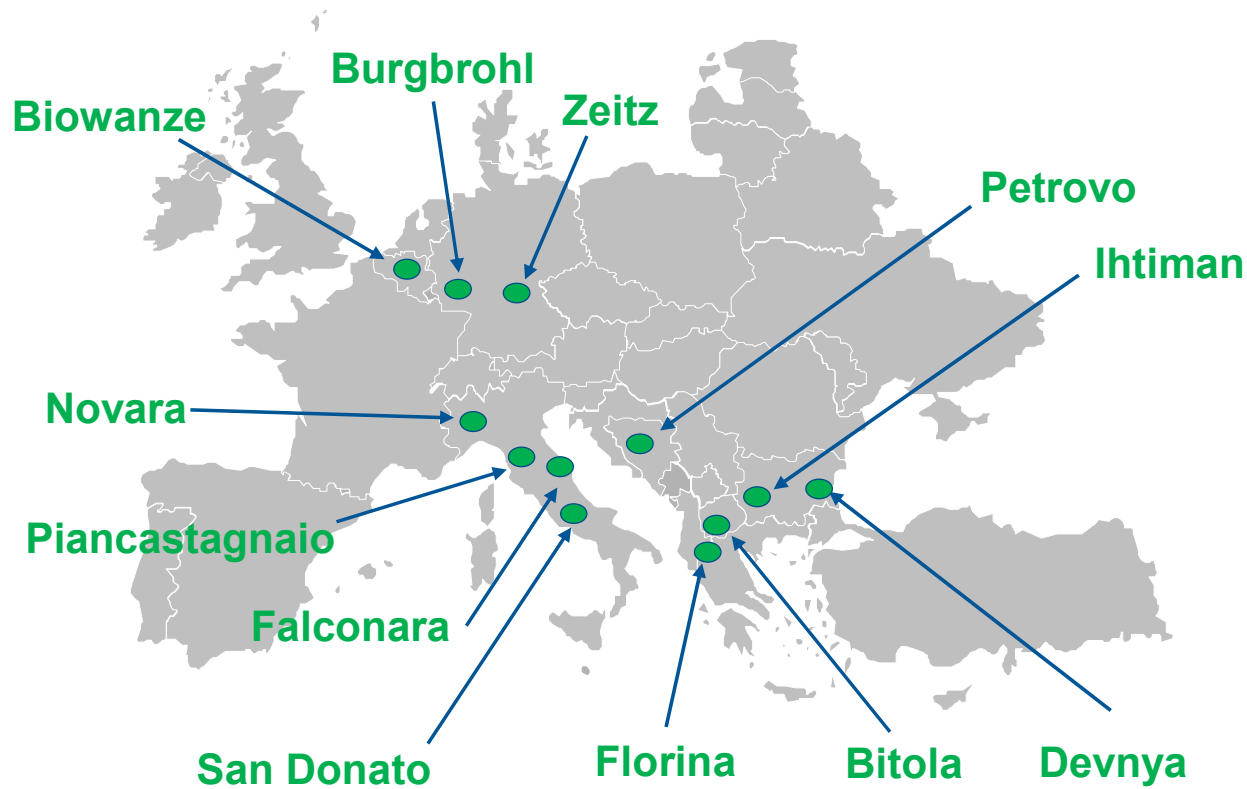

Indapur - India

Ranipet - India

CO2 Plants (2025)

PLANT	SOURCE
Falconara	Chemical plant
Novara	Chemical plant
Devnya	Chemical plant
Bitola	Well
Petrovo	Well
BurgBrohl	Well
Florina	Well
San Donato	Well
Piancastagnaio	Geothermal production
Ihtiman	Bioethanol production
Zeitz	Bioethanol production
Biowanze	Bioethanol production

CO2 Plants

SOL | Technical Gases

Secondary Production Plants (2025)

76 Secondary Transformation Units (filling stations): units dedicated to fill cylinders, storage and distribute gases. Moreover, they produce ultra-pure gases and gas mixtures.

Max transportation distance **150km**.

SECONDARY Plants

Filling Stations

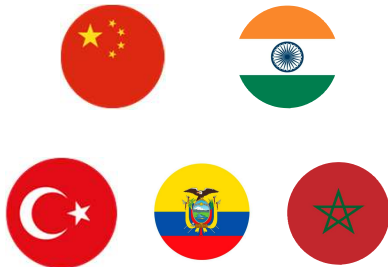

SOL | Technical Gases

Resilience & Growth

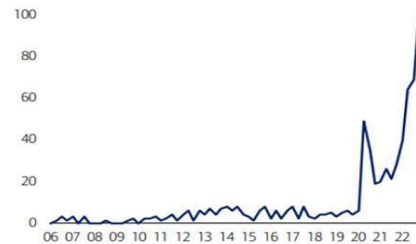

Investing in Emerging Economies

Opportunity from re-shoring

Recent BofA research showed exponential growth in mentions of reshoring on company results calls

Source: AlphaSense, BofA Global Research

Environmental Impact Opportunities

- **CARBON AVOIDANCE**
 - Smelting
 - Bottling
 - Cooling
 - Sewage treatment
- **CLEAN FUEL**
 - Bio-methane
 - Hydrogen
- **FOOD WASTAGE, AGRICULTURE**
 - Packaging
 - Greenhouse
 - Aquaculture yields

The world of Home Care

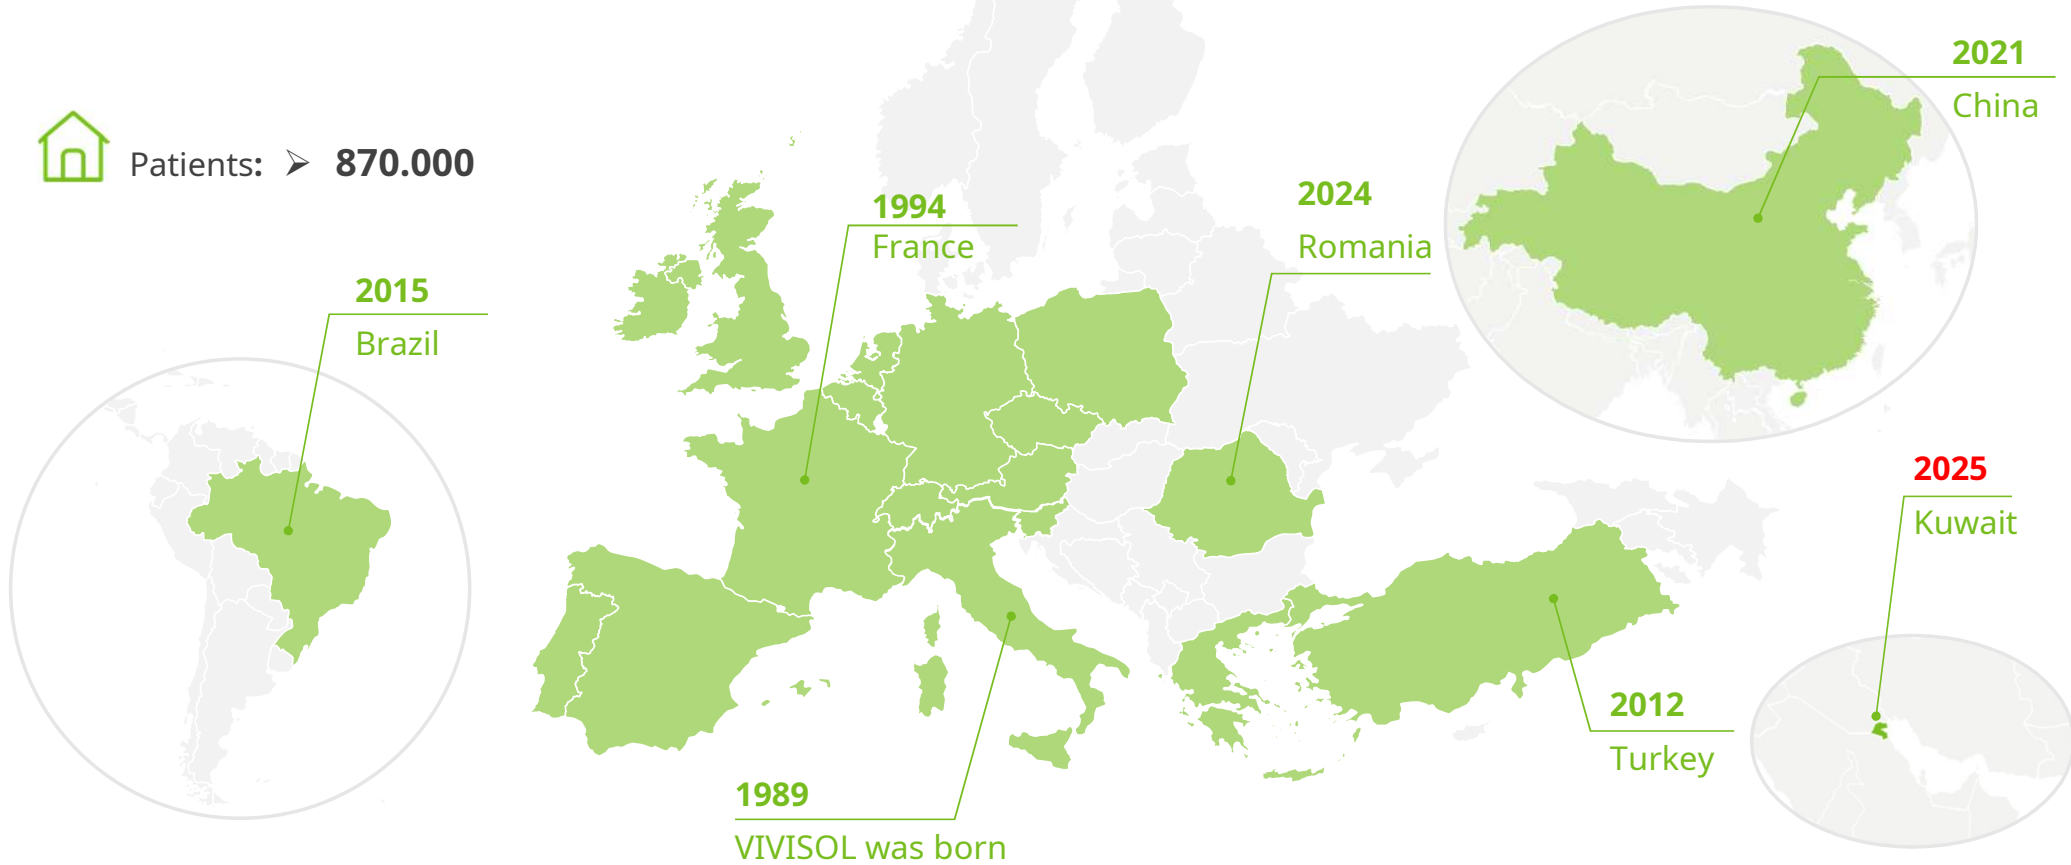

VIVISOL | Home Care

Where we operate (2025)

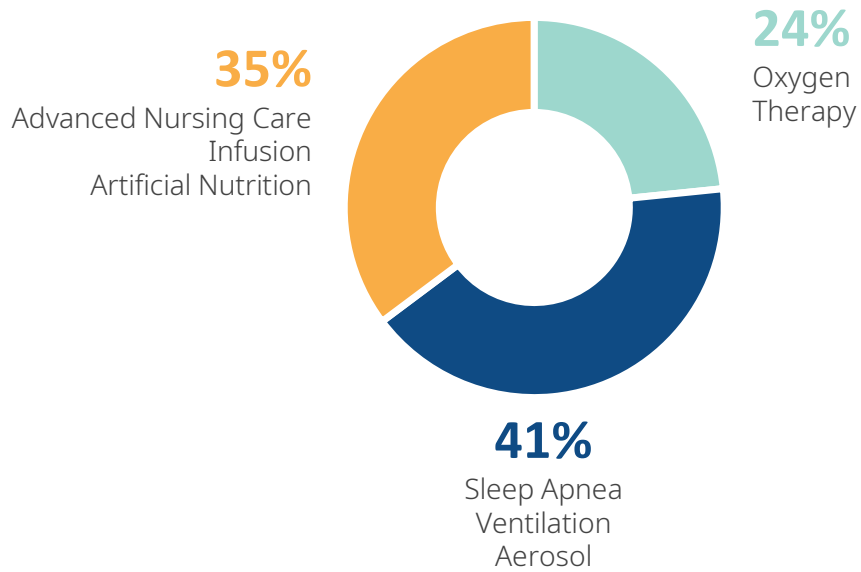

Patients: ➤ **870.000**

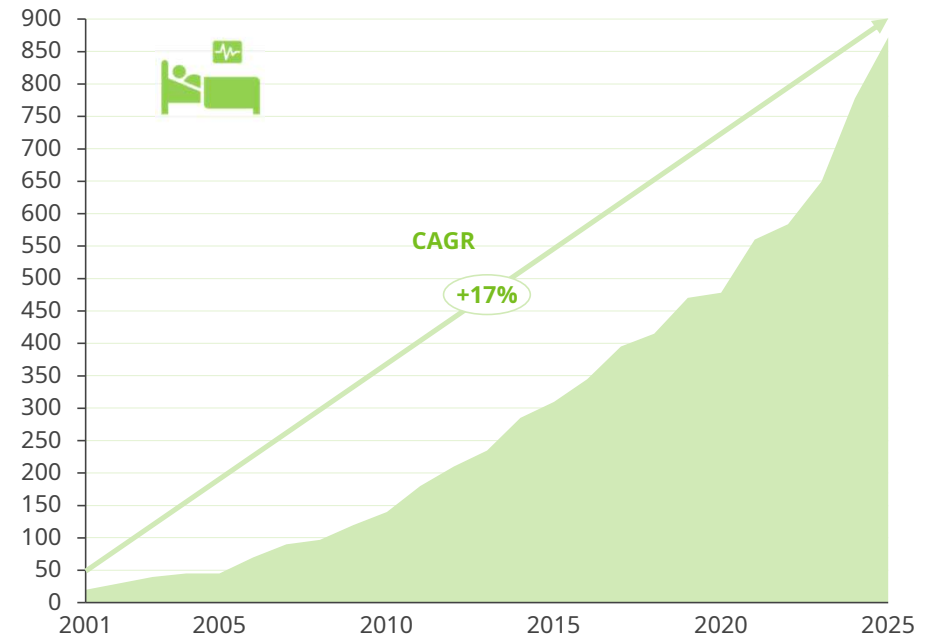

VIVISOL | Home Care

Services and patients (2025)

Growing portfolio of services

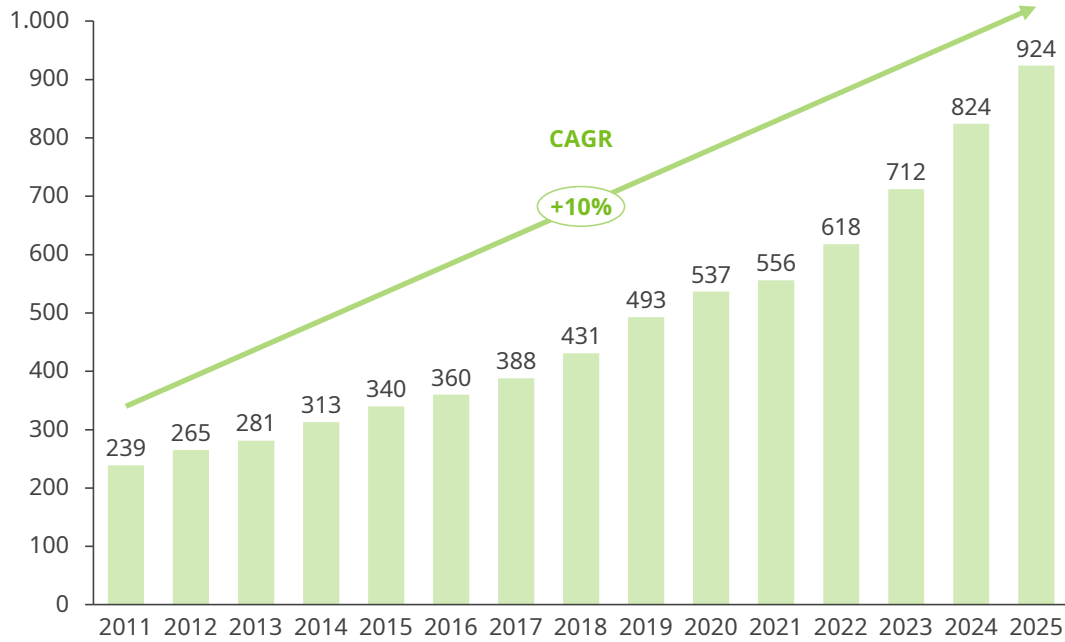

Vivisol patients [n°]

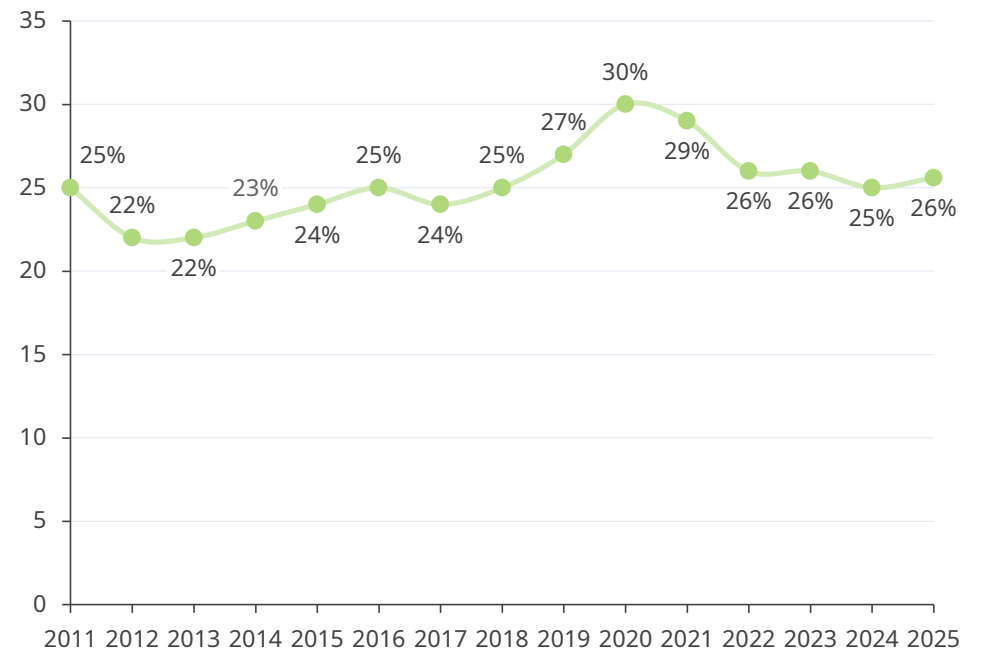

VIVISOL | Home Care

Sales and EBITDA (2025)

Sales development [M€]

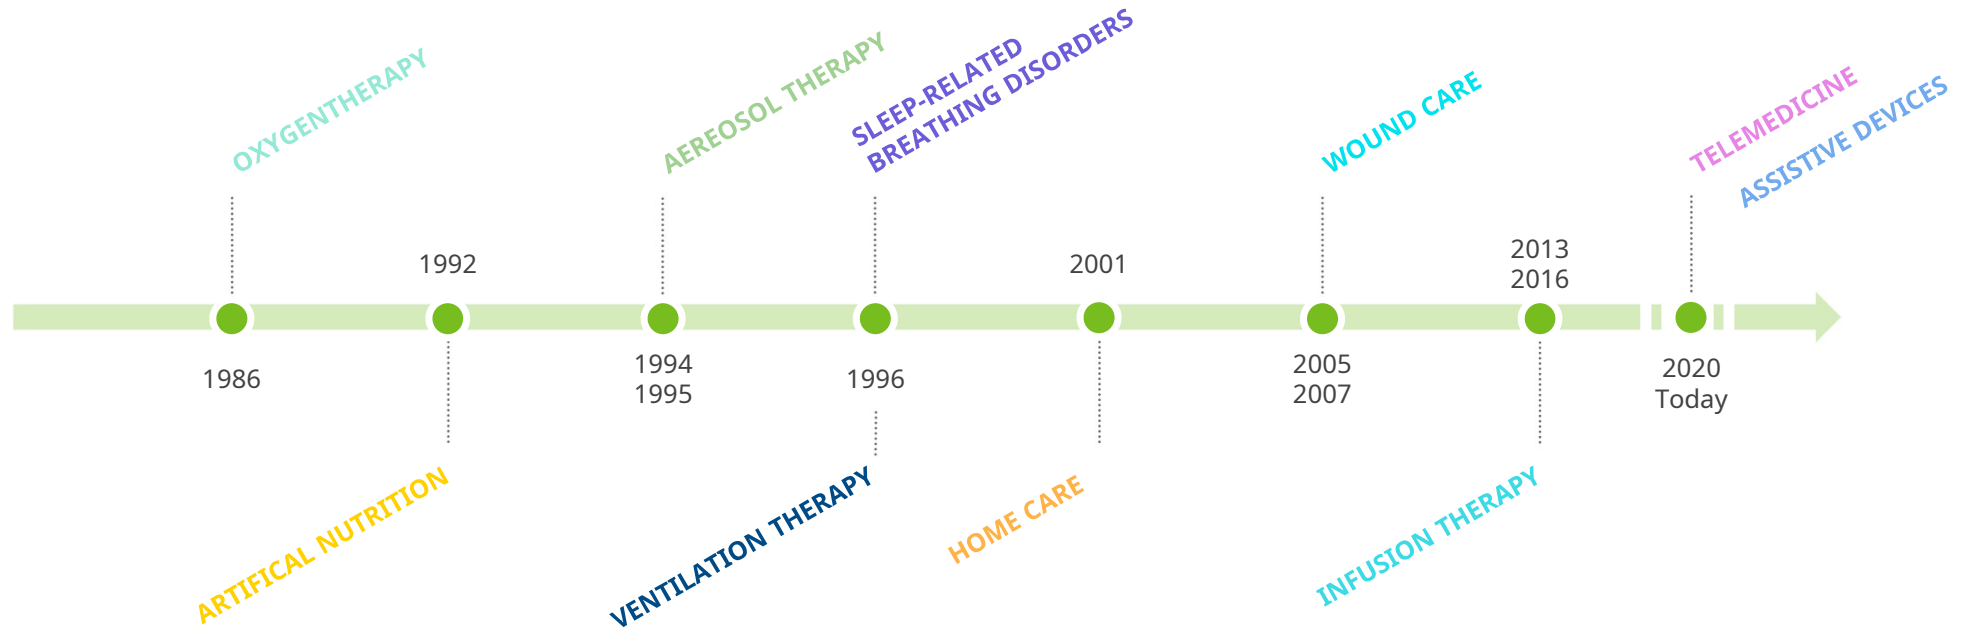

EBITDA [%]

VIVISOL | Home Care

A leader in European Home Care

VIVISOL was born from the production of medical O₂ for Oxygen therapy. From the '90s, Vivisol pursued a **progressive diversification strategy over time** through high-tech respiratory home care services.

VIVISOL | Home Care

A Pioneer in Digitalized Medical Services

VIVISOL provides multiple **platforms and Apps** that support patients, caregivers, doctors and private and public institutions in their daily management of care.

VIVISOL provide **telemedicine** services and a **remote clinic** to monitor and improve patients' adherence to their therapies:

- Sleep
- Ventilation
- Health IoT
- Nutrition
- Cardio

Doctors and healthcare staff

Patients and caregivers

Institutions and NHS

SOL GROUP as

Technical Gas

Our **technical gases business** remains core to the Group, with many applications and services that can drive growth

Home Care

We see significant opportunities **for continuous growth in the Home Care** business, driven by share gains and megatrends

Growth

We will continue to **supplement organic growth with acquisitions**, while preserving our returns profile

Family

We value our principles, as a **family business with strong independent management**

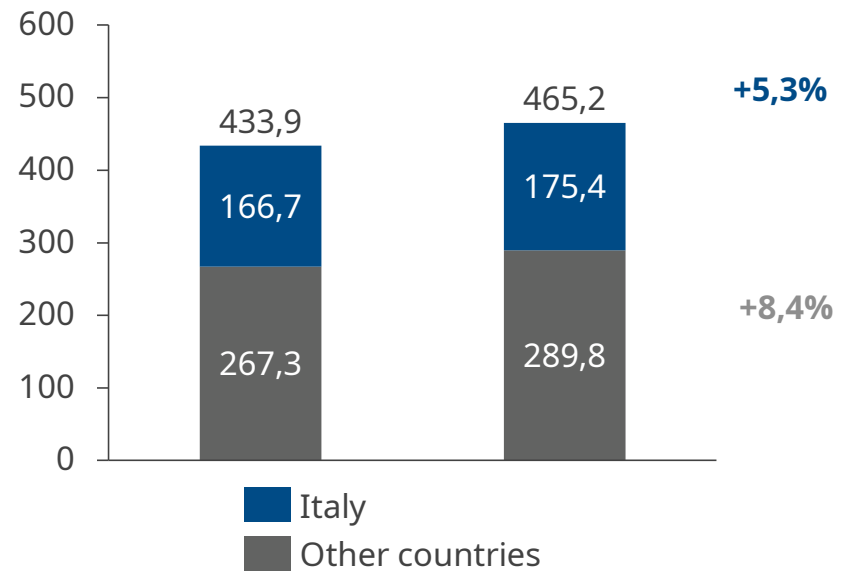

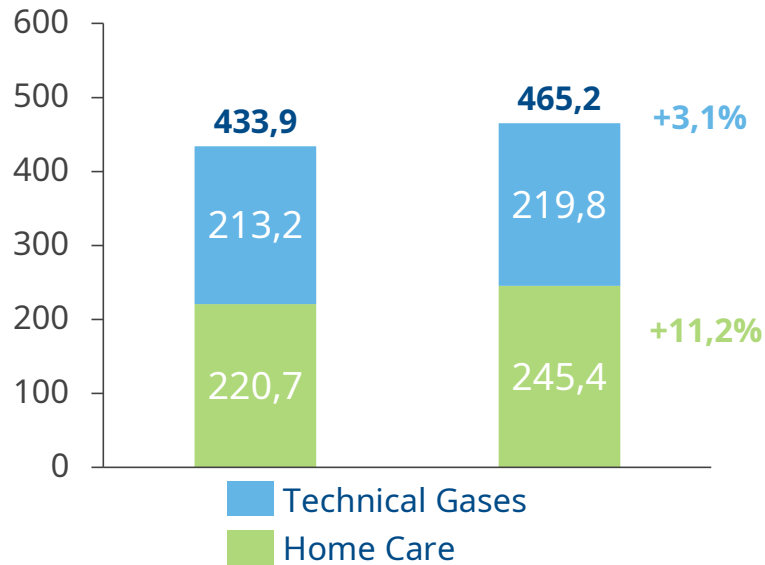

SOL GROUP | Quarterly results

Turnover 31 / 03 / 2025 **433,9 k€** **→** 31 / 03 / 2026 **465,2 k€** **+7,2%**

*Number of patients
in April > 910.000*

+ 6,4 pp organic growth
- 0,7 pp FX effect
+ 1,5 pp M&A
